Our Vision

Cypress Village will be a premier, value centered residential treatment unit that is recognized for excellence by putting the people we serve first.

Unit Description

Cypress Village is a licensed, 127 bed unit which includes living areas, 57E, 57W, 58E and 58W. These units deliver an array of services in a residential setting. We deliver comprehensive inpatient psychiatric treatment and rehabilitation services to adult male and female individuals with a diagnosis of a severe and persistent mental illness.

Advocacy

Each individual is assigned an advocate on each shift. The advocate meets with each individual weekly to review attendance at all treatment activities, and any concerns or needs.

Visitation

Hours: 8:00 a.m. – 8:00 p.m.

Contraband: Tobacco products, lighters, cameras, recording devices, money, items made of glass.

Food: Bring just enough for one meal or snack.

Vehicles: Individuals served cannot ride in your vehicle on grounds.

Service Treatment Teams

- Each Individual is part of a multidisciplinary service planning and recovery team. Each team includes a Psychologist, Nurse, Social Worker, Rehabilitation staff, a Direct Care Staff member, and others as needed to assure quality of care and treatment.
- Goals are tailored to reflect the unique strengths, needs, and preferences of the individuals we serve.
- Service plans are designed to support the goals of individuals while delivering comprehensive treatment services to prepare them for a timely transition into the community.

Recovery Centers

Classes Offered:

Monday – Friday
9:00 a.m. – 11:00 a.m.
1:00 p.m. – 3:00 p.m.

Course curriculums include:

- Medication Management
- Music Appreciation
- Current Events
- Exercise Programs
- Anger management
- Exercise for Life
- Medication and Nutrition
- Life Enrichment Skills

NEFSH Community Behavioral Healthcare Services Emergency Services Program

The purpose of this program is to provide crisis intervention services and hospitalization, if appropriate, to individuals in a mental health crisis. Emergency evaluations and screening for Baker Act criteria are performed for admission. Individuals admitted to our receiving facility are provided stabilization services, medication, verbal therapy, and discharge planning. Baker Act Receiving Services are provided in Building 57 at Northeast Florida State Hospital.
